MEMORIES

A search of what is lost, a brush with the forgotten. The relationship of a couple and the traces and remains when it is over. A proposal to the emotions from wistfulness and love. Sensations that stir emotions.

Alodeyá brings on stage a choreographed proposal of dance, theater, poetry and circus blended to the rhythm of live music. Sofia at the piano, drums and voice, accompanies Edu and Laura in a beautiful love story. A well drawn interaction of music and movement.

THE COMPANY

Alodeyá Circo Danza is born from the eagerness of their components for researching new ways of communicating themselves through the synergism among several, different artistic expressions. By means of poetry, live music, dance and circus, they develop a personal, intimate and extraordinary eloquent language. Stories of ups and downs, love and heartbreak. Stories of powerful contents. Stories of a great visual strength.

The company is created in 2014 with the project of giving shape to “Memories” show. During 2015, this show is awarded twice: Best Show at Zaragoza’s Off and Best Aragón Circus Show. In 2016 the show is programmed in festivals like Umore Azoka in Leioa, Pirineos Sur or Fira Mediterrània de Manresa, spending the last month of the year in the Festival Escenarios Suspendidos in México. Their new production, Aware, gets a research grant from European project De Mar a Mar, opening the company to two new members, Milki and Noche.
